

Hi! First things first, thank you for being a part of HackSC-X! From November 4th to 5th, students from across the country will build projects virtually over 24 straight hours, oriented towards AI and AR/VR. Our theme is *A Brighter Path* this year, with three verticals: **Energy**: Power a Sustainable Future, **Accessibility**: Opening the World, and **Learning**: Exploration Beyond the Classroom. And thanks to PRHI, we also have a special sponsored vertical: **Patient Safety Technology Challenge**! To learn more about the event, check us out on our [website](#). We are so excited for you to be here at HackSC! We have much to share with you, so we'll jump in.

This map highlights the our location, and two parking lots, for our event this year at **MG Studio (1319 W. 11th St.)**.

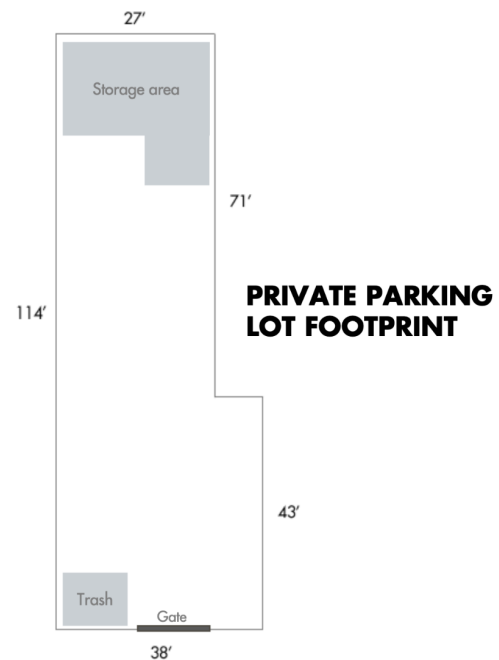

PARKING OPTIONS

Private parking lot across from back entrance
Located at: 1319 Connecticut St., Los Angeles, CA 90015

Large paid lot across from front entrance – enter via second driveway
Located at: 1119 Blaine St., Los Angeles, CA 90015

MG Studio | 1319 W. 11th St. | www.mgstudio-la.com

Parking

Once you arrive at MG Studio, please park at the **private parking lot** labeled green on the map.

Drop Off Location (For Cabs)

If you are taking a cab to MG Studio, please use this address for drop off: **1319 W. 11th St.**

Representative Check-in

We are very excited to have you join our new initiative: HackSC-X. To ensure a smooth start to the event, we ask that you check in every day once you arrive at the venue with the HackSC staff. On both November 4th and 5th, the partner check-in location will locate at the front door.

Opening Ceremony

On November 4th, speaker of the opening ceremony should check-in at 12:45pm to do final checks for the presenting slides.

Sponsorship Booth

All sponsorship booths will be set up in the **Hacker Room** in MG Studio. The centralization of partner booths will allow participants to be immersed in the partner environment and meaningful interactions between your representatives and participants. Each partner booth will be provided with water bottles, notepads, and pens to assist the productive conversations throughout your time at HackSC-X. Furthermore, a partnerships representative will guide your representatives through how to utilize Hibiscus at your sponsorship booth upon arrival.

Lounge

Our lounge locates on the second floor of MG Studio. The lounge for you to catch a break from the many ongoing events will be on the first floor. We will provide you with snacks, drinks, and a comfy seating area in the lounge. You might have a chance to chat with other volunteer mentors and judges in the lounge!

Workshop

On November 4th, the workshop facilitator should check-in at 2:30pm to do sound checks. The workshop will last from 3pm to 4pm.

Judging

On November 5th, the judges should check-in at 1:15pm to get ready for an hour-long expo judging (1:30pm - 2:30pm). We would assign a HackSC member to assist you on your judging process. PRHI will judge based on their own criteria, but we would want the judges to write down feedback for every team, which we will then share with the team members as they are extremely valuable for their project building in the future! After judging is finished, we have a 30-minute buffer for you to decide the winner team for the challenge.

Closing Ceremony

The awarding closing ceremony will start at 3pm. We will invite PRHI representatives to come up stage to award the prizes to the winning team.

Contact Info

- Organizers to contact (in case of emergency)
 - Tobi Adesanya: (346) 818-0480
 - Event hotline: (213) 513-HACK
 - Emergency: USC DPS (213) 740 4321
